

FT Licensed Veterinary Technician (Pasco, WA)

We are a caring, fun, and friendly staff who enjoys treating our clients and patients with high levels of compassionate service. Our practice offers small animal, exotic, and avian medical care, soft tissue laser surgery, laser therapy, chiropractic, acupuncture, digital radiology, dental prophylaxis, and in-house IDEXX laboratory. We are searching for an enthusiastic LVT who is dedicated to quality client and patient service who enjoys being able to utilize all of their medical skills and training. Our practice is located in eastern Washington with many outdoor activities such as boating, fishing, running and biking trails, wineries.

This position includes:

Providing compassionate care with a friendly, professional demeanor

Client communication

Preparing medications

Collecting laboratory samples (blood draws, cystocentesis, u/a catheterization, etc)

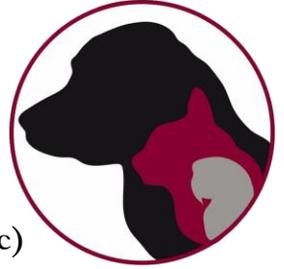

Surgical prep and anesthetic monitoring (IV catheters, drug calculations, intubation, monitoring, etc)

Dentistry

Radiology

Treatment of dogs, cats, avian and exotic patients

Mentorship of Veterinary Assistants

Our hours are Monday - Friday 7am- 7pm and Saturdays 9am-5pm. Applicants must be able to rotate through this weekly schedule. Typical shifts are (4) 10 hour shifts with 1 to 2 Saturday shifts per month. LVT's typically work 40-43 hours/week.

Competitive pay and comprehensive benefits, including: medical/dental/vision, paid vacation, Continuing Education allowance plus PTO for CE, uniforms, paid LVT license renewal, generous pet care discounts, Simple IRA after 1 year and more! Pay range for LVT's is \$32,000 to \$39,000. Pay is hourly with some overtime availability.

Requirements for Technician: LVT/RVT/CVT, able to lift up to 40# unassisted, able to follow verbal and written instructions, strong math skills, ability to stoop/reach/bend. Hiring is dependent on background check and drug screening. We are happy to work with new graduates who are pending licensure. If you are an LVT that previously hasn't worked in a practice with exotic patients or that provides acupuncture/chiropractics we will train you!

Email resumes to our Practice Manager: **Stephanie McKennon, CVPM**
